A client has a right to refuse hypnotism services at anytime. A client has a right to know the expected duration of sessions and may assert any right without retaliation.

Redress

We are certified member of the National Guild of Hypnotists, and practice in accordance with its Code of Ethics and Standards. If you have a complaint about my services or behavior that I cannot resolve for you personally, you may contact the National Guild of Hypnotists at P.O. Box 308, Merrimack, NH 03054-0308, (603) 429-9438, to seek redress.

Our Approach

We help people, while in hypnosis, connect with the reasons behind the issue they want to resolve. Understanding the “roots of the problem,” helps with a peaceful disconnection in the mind with that issue. Positive thoughts become the replacement, which, through repetition, become a new pattern and a new reality. Clients are expected to follow through on positive methods of reinforcement to maximize their well-being. This approach encourages and empowers clients to become active participants in their progress and well-being.

All services are offered as a form of motivational coaching combined with instruction in self-hypnosis. Practitioners do not represent services as any form of medical, behavioral or mental health care and otherwise.
